

CHEBEAGUE ISLAND HISTORICAL SOCIETY

August 2022

“GROWING UP ON CHEBEAGUE”

Exhibit Opens July 22nd!

The new exhibit, *Growing Up On Chebeague*, will open on July 22nd. One hundred thirty four individuals shared photographs and artifacts for this project. From these, we created an exhibit with hundreds of photos and child-related artifacts from the collection, as well as loans from islanders. Topics include: pals and play, mentors, photography, summer activities, winter activities, sports, birthdays, holidays, organizations, the arts, school, church, holidays, working, teenagers and the end of childhood. Admission is free. Many thanks to our Exhibit Committee—they worked hundreds of hours to prepare exhibit.
